

CurrentWare Cloud Migration Readiness Checklist

Once we have this information, we can review the scope with you, recommend the best approach, and build a transition plan around your environment and preferred timeline.

Are You Ready for CurrentWare Cloud?

- ☐ Maintaining an additional server is taking time or resources we would rather use elsewhere.
- ☐ Our team would benefit from automatic updates and easier access to new CurrentWare capabilities.
- ☐ We need reliable access to CurrentWare for remote, hybrid, or distributed teams.
- ☐ Reducing dependence on local infrastructure or VPN connectivity is a priority.
- ☐ Our environment is growing, changing, or becoming more complex to manage.
- ☐ There are features like OCR, HRIS integration, and AI Insights that we could benefit from soon.
- ☐ We have an internal contact who can help coordinate the transition.
- ☐ Moving to Cloud is something we are considering within the next 3-12 months.
